Planting more trees			
Integration of various levels of income from the community into BCA activities and events	\$10 K		
Advocacy at different jurisdictions (ie. All levels of government) on behalf of local residents			
Strengthen relationships and partnerships with other community associations and groups			

What criteria should guide our decision making regarding spending time and allocating resources:

- Greatest impact on the greatest number of people
- Involving the community in decision making (transparency and accountability)
- Selecting projects that bring the community together and build engagement
- Improve existing and create new infrastructure (maintenance and renewal)
- Choose projects that address long term community needs
- Should increase the quality of life for all residents in the Hamlet
- Undertake projects keeping in mind any long term maintenance costs
- For all ages
