MOTION

May it be resolved that By-Law 3 ( amended May 1969 ) of the Blackburn Community Association be amended to delete the standing committee of Finance and add the standing committee of Ways and Means and that this position be filled on election day April 27, 1970. .

As the Finance committee was never operational and as the Finance committee cannot operate properly in the present system of Committees, it is most desirable that a Ways and Means committee be created as a standing committee with a permanent chairman to ensure a ways and means of raising funds for the Association's projects. Such a committee would ensure a steady flow of badly needed revenues in this time of rapid community growth and development.

Notice of intent of amending this By-law was given the Association at its regular General Meeting February 23, 1970.

MEMBERS HOME AND SCHOOL ASSOCIATION \* Chairman, E.A. Leftly

March Meeting: The March General Meeting was an exceptionally fine launching into the new series of meetings on CHILDREN'S ADJUSTMENT PROBLEMS. Dr. June Pinn presented the current status of consulting services in psychology. (You will note from the local papers that a re-evaluation of psychologist services is before the Carleton Board of Education right now). Mr. Steve Lazier's presentation on BEHAVIOUR MODIFICATION was most engaging. The techniques described are those familiar to any parent or teacher, but he clearly identified the problem that we are inconsistent in their application. His film on an application of the technique for a severely disturbed youngster was dramatic and heart-wrenching.

April Meeting: Our next meeting is at 3:00 p.m. on Monday, April 6th at Glen Ogilvie Public School. Our guest speaker will explore the problem of "The Child with Perception Problems". Problems with vision and hearing are fairly readily identified and usually corrected. Less obvious but very significant are problems in reading and mathematics which are traced to difficulties with pattern recognition. Children often have trouble with inverted letters, numbers and word order that can hold back their progress in primary grades. Parents can contribute a great deal in the home to overcome these problems. Our speaker will explore the range of physical handicaps, how they are identified and how the home and the school can co-operate in solving these difficulties. Plan to attend and participate in the discussion.

Annual Elections: The April meeting is also the annual election night. The Nominating Committee has a full slate of nominees, so this will not degenerate into a "talent hunt". Come to exercise your vote to ratify these nominations or to propose other nominees for election. (Nominees must be present to be accepted). In order to concentrate on the guest speaker's presentation, all unnecessary business will be eliminated.

Nominating Committee - Chairman, B. Kolada

The following slate of nominees for 1970-71 is recommended by the nominating committee:

President	- Mr. E.A. Leftly
1st Vice-President	- Mr. M.S. Ansari
2nd Vice-President	- Mrs. A. Kolada
Treasurer	- Mrs. A. Sokol
Secretary	- Mrs. J. Walcott
Program Chairman	- Mr. E.C. Ball
Publicity Chairman	- Mr. K.T. Marshall
Membership Chairman	- Mrs. K. Zomer

Please note: No memberships will be issued on election night.

Many thanks to the donors of door prizes for the St. Patrick's Community Danse - P.M.A. Realty, Les Mandigo Insurance, Costain Estates Ltd, Gulf Service Stn., Joe's Groceteria, Chopped City Beauty Salon, and Dominion Food Stores. Winners were: Mr. and Mrs Cunningham, Mr and Mrs Gruber and Mr. and Mrs Davis.
