The Association has been asked by several people recently to why there is a long distance charge to call the west-end of the city and what is being done to eliminate this.

As a result of these questions we went to Bell Canada and the following is their reply:

In March, 1969, Bell Canada announced a master plan to expand the long distance free calling areas of communities in the Ottawa - Hull metropolitan area.

The plan called for the expenditure of \$8 million over four years and was to involve 16 communities outside of Ottawa and Hull.

Orleans was one of the communities involved. At the time the Orleans free calling area comprised all telephones in Ottawa and Hull, as well as telephones in Cumberland 833, Gatineau 663, Gloucester 822 and Navan 835. This arrangement still exists.

The master plan called for the addition of Britannia 828, 829, to this calling area by the end of 1970.

Approximately one year after Bell had announced the plan, it was forced to face up to an inflationary economic climate. Severe strains were put on the company's ability to finance programs such as the Ottawa - Hull master plan.

As a result a painstaking re-evaluation of priorities was undertaken. It resulted in the indefinite cancellation of the master plan, because of a severe lack of capital.

Bell continues to feel the capital squeeze. However, as far as residents in the Orleans 824 exchange are concerned, there will be relief.

## BUS SERVICE NEWS

### MORE BUSES TO DOWNTOWN

In order to provide an adequate service and more comfortable facilities we have made several changes to the times of bus departures for both morning and evening buses.

7:20, 7:30, 7:40 and 8:25: These arrive downtown at 7:35, 8:00, 8:10, 8:20 and

This provides an "every-10-minutes" service at the time of peak demand.

The 7:40 travel via the Metcalf-Catherine-Kent-Queen-Besserer route (see previous Banars) and the others follow the Nicholas-Laurier-Kent-Besserer route.

Adjustments have also been made to the evening schedule to avoid overcrowding on certain buses. The first bus (only) originates at Queen and O'Connor at 5:00 p.m. The OTHER buses all originate at Tower A of Place de Ville (Queen St. side) at 5:05, 5:15, 5:45 and 6:15. The latter two are identified "Beacon Hill" and passengers must transfer at Shoppers City for continuation to Blackburn.

For those late workers who might declare they would rather take the car than have to suffer transferring when taking the 5:45 or 6:15. The author has heard it from reliable sources that, no bone chilling wait is required at Shoppers City. In fact the Blackburn bus is invariably waiting for the bus from town and the passengers simply transfer from one warm bus onto another warm bus.

### NEW BUS STOP ON EASTPARK

The committee is currently trying to determine the best location for a bus stop along the "muddy section" of Eastpark Drive (between Oakhurst and Innes road). Many new homeowners have moved in in recent weeks and we feel several of these would be interested in taking the bus if they only knew where it stopped, or didn't have to walk through a quarter of a mile of mud to get to it. If you are interested call Jack McCullough (58 Wedgewood) 824-2622 the agent for that area. In the meantime an interim stop has already been set up at the bend in Eastpark between Oakhurst and Innes Rd.

### To Bus or not to Bus

If you are still undecided about taking the bus, may we suggest you try it. Just go to the stop, get on the bus and buy a \$2.50 ticket (all tickets are now sold on the bus). The \$2.50 ticket is good for 5 rides in any direction at any time. For further details call one of the agents at

824-4805, 824-2622, 824-5636, 824-2581, 824-3500, 824-4771, 824-3823

### BUS SERVICE DURING THE HOLIDAY SEASON

Some alterations will be made to the times of buses returning from town on Friday, December 24th, and Friday, December 31st, to accommodate the early finishing hours. Further details will be announced on the buses. However, it is possible that an (approximately) hourly service will operate beginning at 12.30 p.m. through to 5.30 p.m.

Anyone interested in a bus arriving downtown at 7.35 a.m. is asked to call P. Jeffreys at 824-4883. A minimum of 10 people is required to initiate this additional service.

### OFF PEAK SERVICE

*We regret to announce that the proposed off-peak service to St. Laurent and Shopper's City did not become a reality as had been hoped. The Committee is still confident, however, that as soon as such a service can be shown to be economically viable the situation will be reviewed.*

*In anticipation of the Inauguration of an off-peak service some time in the future, we would ask those women who are really interested in using such a service to phone one of the following:*

Mrs. Val Butler	824-4436
Mrs. Joan Costello	824-4007
Mrs. Louise Jeffreys	824-4803

Work is well underway on a \$230,000 project to add Britannia 828, 829 to the Ottawa - Hull exchange in December 1972. What this means is that residents in Orleans will then be able to place and receive calls to and from 828 and 829 telephone numbers without paying long distance charges.

Thus the portion of the Ottawa - Hull master plan which would have provided this service in December 1970, has been delayed two years.

This does not mean that the master plan has been revived. However, Bell is attempting to meet the most urgent calling needs of its customers in the area as soon as it can, with the capital available.

## CHRISTOPHER EFFECTIVE SPEAKING COURSE

Applications are still being accepted for this 10-week course which is to be held at Glen Ogilvy School or another location.

The course will be conducted on Wednesday evenings from 8.00 p.m. to 10.00 p.m. and will begin on January 19th, 1972.

Enrolment will be on a first come, first served basis and restricted to community area residents.

Don't delay, submit your application as soon as possible and avoid disappointment.

The fee for the course is \$20.00 per person or \$30.00 per couple, payable by January 26th, 1972.

The Christopher Movement is a non-denominational non-profit organization with all the organizers and instructors giving of their time freely.

The course is merely a tool which individuals in all walks of life can use to better exercise their potential to Influence for Good in the World.

Plan to attend the Orientation Evening on January 12th, 1972 at 8.00 p.m. in Trinity United Church Hall, 1099 Maitland at the Queensway.

(Local representative - Norman Robinson - 824-2764)

The Time Has Come the Walrus Said,  
To talk of Many things,  
Etc., etc., etc.,

Actually, the topic for consideration this month, is the growth of Blackburn Hamlet, and the way it has affected the delivery of the **BANAR**.

Two years ago we were delivering approximately 600 copies and it was not too big a job, or too big an expense. However, as of December this year, we are delivering 1,200 and mailing another 100. And so we are appealing to the people of the community to assist by volunteering to deliver on **YOUR** street.

This is really not a big job for a lot of people to do, but it is a huge job for a few people;

The Banar is published every month except July and August, and it will take at the most 1/2 hour to deliver one street.

Therefore, by simple mathematics, you have devoted  $1/2 \times 10$  hours to the betterment of your community – 5 hours a year to be a great big help.

Financially, it will mean a saving of approximately \$360.00 to the Community Association, and of course in the long run to **YOU** for the **BANAR** is delivered to you as part of your Membership in the Community Association.

I have listed below the names of the streets to be delivered, and if you are interested in doing this for us, please contact me at 824-4784. The streets with asterisks beside them are ones where neighbours have already volunteered.

1971 is almost gone, and for me it has been a wonderful year, working with the Executive of the Association, and with the grand people who typeset and print our paper.

All the wonderful neighbours I have met as new projects and activities unfold. We have a great little community with an even greater potential.

If each one of us does even a little job, Blackburn Hamlet will be the place we would all dream of living in.

Have a very *Merry Christmas*, and may *Joy, Peace, Love* and *Prosperity* be yours in 1972.

Last issue we examined the methods used to build color schemes. This issue we can cite an excellent example of the effect Color has on us; how color can be used to create a mood. **CHRISTMAS** – that wonderful, exciting, colorful time of year. And what are the colors closely associated with Christmas – **Red and Green**. Complementary Colors. Poinsettias, candy canes, Christmas trees, Santa Clause. And pure color, no tints or shades. This gives us a perfect example of the excitement and stimulation pure colors create, and a good lesson to be applied to home decorating. To make a room lively, use intense or pure colors.

This is also an excellent opportunity to see how far pure color goes. The simple addition of a few streamers, bright bells and balls, poinsettias, holly and lights create a Christmas mood in your room without altering in any way your basic decor. A similar application, through the use of bright pillows, colorful wall hangings, lamps and other accessories can give your room a whole new excitement. It doesn't require a change in your basic furnishings.

So, while you Deck the Halls this year, give a little thought to how color helps you enhance the festive mood.

On another note, I think we are all aware that there is considerable creative decorating talent in the Hamlet. If you have achieved an unusual effect in your decor, solved a decorating problem, or have done something different with paper, wall hangings, etc., please let us hear about it. With your permission we would like to publish these ideas in the **BANAR**. If you have any decorating problems or questions, send them in also. The solutions could be of interest to many homes in the area.

May I take this moment to express to the readers my sincere wishes for a Happy Festive Season, and Prosperity in 1972.

**G**o placidly amid the noise & haste & remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. § Avoid loud & aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. § Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. § Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. § Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gentle with yourself. § You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. § Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. § With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy.
