MUNICIPAL ELECTION ... NOV. 10**

NOVEMBER

1980

BOX  
BOÎTE 102, TERMINAL A

OTTAWA K1N 8V1, ONTARIO

FROM YOUR PRESIDENT

With the change of seasons, a new round of activities is now underway. Next month, the 1981 Membership Drive begins and organizing committees will be turning their attention to the preparation of their 1981 budgets.

Because of the size of population and the wide range of organized activities in our community, substantial revenues can be generated and put to good use but the most vital resource to acquire is the human resource - the people who organize or participate in sports or other pursuits.

Community work is, for most people that try it, a barrel of fun (broadly speaking!). At the same time, it provides a serious opportunity for individuals to achieve lasting benefits for themselves as well as for the community at large. It is for this reason that I want to continue the theme I expressed last month of strengthening the volunteer base and to ask you to consider getting involved (if you are not already involved) in the community activity of your choice.

We need people for some jobs right now. At the time of writing, we are still looking for a Special Projects Director and a Fun Fair Director. Most of the opportunities, however, are not on the BCA Board of Directors but within the activities themselves. These include seasonal jobs like coaching; project jobs such as organizing a Fun Fair activity or a Monte Carlo night; and ongoing jobs working with groups or committees in Blackburn or Gloucester-wide.

Whatever your interest and amount of spare time, there is a place for you, either now or in the future. By participating in an activity which you consider important, you can satisfy an urge to serve the community and enjoy personal growth and new experiences at the same time. Please give it some thought and if you feel you have an interest, we will be delighted to add your name to the volunteer bank. Simple send a note to Gail Lacombe at 68 Northpark giving your name and address, phone number, area(s) of interest and time available now or in the future. We will be in touch with you!

## BLACKBURN MINOR HOCKEY ASSOCIATION

### BLACKBURN ??????

Most minor hockey associations have their own name and crest symbolizing who, what, or where they come from. For example there are: Ottawa West Golden Knights, Gloucester Rangers, Nepean Raiders, Cyrville Flyers etc... For a number of years we have heard many players, coaches and also the parents, ask why Blackburn does not have a name. Well, an effort is going to be made to find our own name and crest. The suggestions and selection of a name and crest will be the decision of the Blackburn hockey players, and a special committee of the BMHA. The committee consists of:

Mr. Mark Rouleau - Chairman, 824-5767

Mr. Bruce Waara - Member, 824-0667

Mr. Al Ross - Member, 824-1504

The team coaches will receive forms to be completed by the players. The input by the players in selecting a name, as well as a crest design, IS MOST IMPORTANT. There will be prizes awarded. Should you have any questions or suggestions do NOT hesitate to contact the chairman or the members of the committee.

BLACKBURN HAMLET CREST - All Blackburn hockey sweaters will now have the Blackburn Hamlet Crest sown on the right top sleeve. This will enable us to remove the name Blackburn on the back of the sweater thereby permitting teams to place the name of the player on the back at the top of the sweater instead of the bottom.

REGISTRATION - As of this date we have a Blackburn Hockey registration record of 513 players. The increase mainly affects the Juveniles and the lower age groups in the School, Atom and Peewee. We will have a record total of 24 teams - 3 Novice, 6 Atom, 6 Peewee, 5 Bantam, 3 Midget and 1 Juvenile.

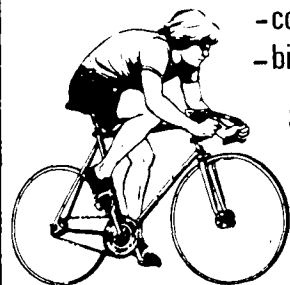

IN CLOSING -- Remember our sponsors: Bank of Montreal and the Toronto Dominion Bank for your savings, Texaco for your gas and oil, Capital Fence & Wire for your fencing, Print Action for that fast printing job, Apollo Sports for your sports equipment, Lavigne Transport for your transport requirements, Aircel for the insulation of your home, Parisiana Bakery & Deli Shop for your special treats, Ritchie Feed & Seed for plants, and the Blackburn IGA for your groceries.

## Blackburn Hamlet PRE-SCHOOL

Teaching Director  
A.M. & P.M.

Phyllis Frost

The Blackburn Hamlet Pre-School has opened its doors once again, with 120 local area three and four-year old children taking part ... and do they take part!

So far the children have been analyzing the changing seasons, making applesauce, doing woodwork, watching chickens lay eggs and, in the words of the school's Director, Phyllis Frost, "simply experiencing life".

On one outing to Kemp's apple orchard, the children picked apples and some of them learned that some trees are good for climbing. The kids returned to school, not to eat the apples, but to chop them, cook them, and, as one said, "make some very slimey stuff that tastes great". Says the Director, "The children learned that apples come from, not a store, but a tree, which comes from a seed. The next day we extended that to talk about apple juice during their snack break."

All of which explains why several parents in the area have been informed by their three and four-year olds on the joys and procedures of making "slimey stuff".

Another trip during September was to an animal farm operated by a Gloucester fireman, Doug White, who in recent years has been a frequent visitor to the school. He recently hosted several children, showing them his collection of black ducks, baby rabbits, chickens, pheasants and other birds. This month, the Gloucester Police Department will visit the school to show the children a film on Block Parents.

In one of the school's classrooms, children can work with wood and tools, fashioning all kinds of wonderful inventions. One youngster brought home a block of 4" x 7" pine with two nails in the centre. His creation? "You sit down and hold the nails between your knees and then you do some colouring. It's a knee table".

If you have any small pieces of soft wood, the school would appreciate receiving them so the kids can all become Master Fix-It. Phyllis Frost is also looking for a four-foot by four-foot piece of bathroom carpeting for use in the school. Any donors of either wood or carpeting should phone her at 824-3251.

FOSTER CARE - WHERE WOULD IT BE  
WITHOUT YOU?

Foster Care is today's and tomorrow's issue! For those who are not familiar with the term, Foster Care is a placement service for children who have been separated from their natural parents; it provides the child with a stable, supportive family atmosphere.

Every month, the Children's Aid Society of Ottawa-Carleton has to find a placement for close to 85 children. Of that number, 62% are 10 years old and over. A third of all our placements are on an emergency basis. Unfortunately, only 10 to 14 new foster homes a month are approved and waiting for placements. More than half of them are offering their home to a child under 10 years of age.

On October 6, 1980, the Ontario Ministry of Community and Social Services and the Children's Aid Societies are launching a two-month foster home recruitment campaign in an attempt to improve the situation. We hope to elicit a widespread community response through the use of intensive advertising on radio, television, newspapers and outdoor billboards.

BLACKBURN PARK (behind the arena)

The development of a recreational area on Orient Park Drive is being undertaken by the BHCRC and a proposal will be presented to ratepayers in November. Meanwhile, although the concept for Blackburn Park was developed by the Township in 1978, this park has not been proceeded with, due to other township priorities.

The BCA wishes to accelerate development of Blackburn Park and is willing to contribute funds in order to get the work completed in 1981. This would involve bringing the land up to basic standards and providing walkways, landscaping, a model boating pond (winter rink), play facilities, and a lighted softball diamond. If you have any views on this subject, please contact a member of the BCA Board of Directors.

## BLOCK PARENT

Fall is once again upon us and the Block Parent Program is looking for more Block Parents. Our children are back to school and Brownies, Beavers and Cubs are starting up. There are more children out later in the evening so please be sure to leave your Block Parent sign in the window a little longer so they know there is a safe place to go if they are in trouble.

The 2nd Annual Block Parent Dance was held September 20, 1980, and the Block Parent Program was honoured to have Chief Kenneth Duncan, Reeve Betty Stewart and the Gloucester Police Commissioner in attendance along with approximately 200 Block Parents and friends.

## Help the Aged

With the onset of a new decade Help the Aged announces its fifth year of operation in Canada. We ask that you join with us by looking back over the past year to recap major developments that have taken place.

The office in Canada's capital has made a major contribution to our Canadian and overseas aid programmes by working several major fund raising events.

This past year students in Eastern Ontario have supported numerous projects; i.e., Irrigation Project, Kerala in Southern India, Dairy farm in Elapakham, India; Hearing Aids for the elderly in Ontario and training of personnel for Old Peoples Centres and Home in Chile. The Canadian International Development Agency (CIDA) has given grants to many of these projects.

The Community Appeals programme brought to Ottawa and district the first annual "Trim a Tree of Hope...this Season" campaign. Help the Aged in conjunction with local churches and Senior Citizen groups, requested the public to Trim a Tree, and to promote an awareness of the elderly at this special and often lonely time of year. We are extremely pleased with the support that the Trim a Tree of Hope campaign gained and we look forward to achieving even greater success in 1980.

The most exciting program Help the Aged has taken upon itself this year is the \$105,000.00 Rolls Royce Raffle. Tickets are available in Eastern Ontario for \$2.00 a ticket. The funds raised from the sale of these tickets will be spent on programs in Ontario to help the senior citizens in need. Tickets are available in BLACKBURN HAMLET at the Becker's Store, Innes Road.

The staff of Help the Aged in Eastern Ontario would like to express a very warm and sincere thank you for the support we have received. We look forward with eager anticipation to a new year, new friends and foremost to help alleviate the needs of those whom we work to help -- the elderly.

LADIES SOFTBALL 1980

The Blackburn Ladies Softball League closed out another season on September 13 with its second annual invitational tournament. The weatherman helped out a great deal by keeping the rain away all summer on Monday and Wednesday nights.

The Yellow Team took first place in the league standings this year with an unprecedented 15 wins, no losses, and went on to win the playoff title by a close decision over the Green Team, who placed third during the season. Blue was second.

And September 13 was another eventful day in the Hamlet -- thanks to Dale Smith who organized the ladies tournament this year. Ten teams took part; five from the Hamlet, four from Cyrville and one from Carlsbad Springs. Everyone played hard and had a great time! The results were as follows:

Series 'A' Winner: Blackburn Yellow  
Series 'A' Runnerup: Bailey & Rose  
(Cyrville)  
Series 'B' Winner: Blackburn Brown  
Series 'B' Runnerup: Blackburn Green

We appreciate the extra efforts of all the players and their families in making this season an enjoyable one for all concerned. We wish to thank too all the coaches, their assistants and the umpires for taking the time to help us out and give us the encouragement we all need. Some of those decisions will spark many a fiery conversation during the coming cold winter months!

The league would like to say a special thanks to Jane Corrigan, our Convenor, for the past two years -- for her time, effort and dedication to the league. You did a superb job, Jane, and we are all looking forward to having you back in the near future.

**on NOVEMBER 10**

## EDUCATION

In the past the Education committee of Blackburn Community Association has done an excellent job in acting as a liaison between the home, school and Board. They have held informal meetings with principals, information meetings for the public, and all-candidates meetings; they have also made presentations to the Carleton Board of Education on behalf of the community. HOWEVER, if this committee is to continue - and the need is certainly present - we must have members from the community who will give a little of their time to assist. Serving on this committee would not involve excessive meetings but would help to ensure that the needs of all the children in the community are met. Parent groups within each school should consider having a representative on this committee so that the needs of each school are represented. Volunteers from both the public and separate school systems would be welcome. Our main objective will be to act as a link in keeping the lines of communication open. YOUR CHILD needs your support: if you are interested, please contact me at 824-6703.

In addition, I invite parents, principals, teachers to contact me and keep me informed regarding activities occurring within the schools. If there is a special event or something you feel the community at large would be interested in, let us hear from you. An informed community is an interested and active community. The following list will provide a glimpse at the community schools as they began the 1980-81 school year.

## REEVE

GLOUCESTER TOWNSHIP  
MONDAY, NOVEMBER 10, 1980

### *Your MOST Experienced Candidate*

My decision to seek the office of Reeve of Gloucester is one that is not taken lightly. I have been approached and am encouraged by the number of people of all ages and from every sector of Gloucester who have urged me to accept this challenge.

There is no doubt in my mind that Gloucester needs a different kind of leadership -- leadership that will speed up the decision-making process and make the best use of the special talents of all members of Council and staff. I believe that Council meets too often engaging in lengthy discussions which are time consuming and do not ensure the best interest of our ratepayers.

I am convinced that we should establish a system where specific members of Council should be given direct responsibility to investigate problems, hear delegations from ratepayers working closely with already established Standing Committees; i.e., Recreation, Planning, Library Board, Works, etc. and with the appropriate Head of Department submitting firm recommendations to Council. It has been my experience that lack of accurate information properly presented has the effect of confusing issues of importance and of delaying the decision-making process.

Regional reports should be available to all members of Council at the Township Hall in a room reserved for Councillors and the Reeve. In the new year, two members of Council to Region should discuss items of particular importance to Gloucester and be guided at Region by the concensus of all Council members.

At Regional Council, there are two specific items of importance that should have priority:

- (a) Justification for an additional \$5 per capita from the province for Gloucester Police Department and others in the region without becoming involved in a full Regional Police structure. At our present population, this would increase Gloucester's revenue by \$350,000.
- (a) A more equitable system of levy to offset our share of Regional Transport deficit namely 100% on equalized assessment rather than 50% equalized and 50% passenger miles which is presently creating for Gloucester and others in the Region an undue hardship.

I have served on the following Committees at Regional Council: Board of Health, Social Services, Transportation and Ad Hoc Committee on Police, and I am convinced that my approach of co-operation rather than confrontation has been effective in contributing to the quality of service and to the objectives of these committees in R.M.O.C.

I feel fully competent to serve Gloucester both at the local and Regional level and am fully prepared to give the necessary time and effort to meet this challenge. I have always taken the positive approach to efficient administration, planning, recreation and parks development and adequate police and fire protection service. I ask for your support on Monday, November 10.

GUIDE & BROWNIE NEWS

As a result of the popularity of the Girl Guides of Canada Program within the community, it became necessary to split the original local organization so that within the Hamlet there are now two districts, Blackburn and Glen

Ogilvie. This split is not geographical but rather is based upon the unit meeting places.

At the moment all our Brownie, Guide and Pathfinder units have a full complement but this unfortunately still leaves a waiting list of some 60 girls of all ages who wish to participate in the program.

The only way in which these girls can quickly enter into the meaningful program of the Girl Guides of Canada is for there to be an acceptance and realization by the adult members of the community, that it is necessary for some of them to volunteer as helpers and/or leaders. I should at this point say that the required facilities are available, if we can put them to use.

Should there be no response to our repeated requests for volunteers, it is apparent that Guiding within the Blackburn District will not be as viable as it has been over the last decade, and I believe ultimately our community would be at a loss without the ideals of Guiding.

In view of the current waiting list, I must inform parents that under District regulations, if any girl misses three consecutive meetings, she is automatically deemed to have resigned from Guiding (certified medical reasons excepted).

Parents and others who feel that they would like to assist in the program are invited to contact me at 824-3810. I am sure you will find Guiding very rewarding.

Gill Greenham, Commissioner,  
Blackburn District,  
Girl Guides of Canada.

WE ARE REACHING OUT FOR HELP

We are in need of assistance in recruiting more blood donors for this area if we are to continue to meet the needs of patients in our hospitals.

In general, every day Monday through Friday, we must collect blood from 250 donors, which is immediately processed in our Lab at Red Cross House and sent to the 30 hospitals we serve.

Tremendous advances in medical technology have meant that blood now saves lives as never before in the past.

Quite simply, to keep up with it all, we must have broader support from the community to continue this life-saving service. We MUST have more people enrolled on our blood donor panel so that we can call them when their blood is needed.

Will you help us?

## GLOUCESTER SOCCER ASSOCIATION 1980 HOUSE LEAGUE SEASON CLOSES

The 1980 House League Season came to a close on September 6 after 43 playoff games were played at the Hornets Nest Complex on that beautiful Saturday. The 1980 season would not have been such a success without the many hours devoted by the coaches, assistant coaches, managers, referees, statisticians, executive, willing parents, township employees, etc. Approximately 400 Blackburn boys and girls played in the house league along with 45 who played on Gloucester representative teams. The league topped 1,500 Gloucester boys and girls in 1980.

While the Hornets Nest Complex on Bearbrook Road was expanded in 1980, the added pitches were offset by the loss of the two Tauvette pitches which received some much-needed regrading and better drainage. Growth in Blackburn registrations was limited to 10% over 1979 mainly due to the lack of sufficient playing facilities.

Daniel Lagarec's Wings took the Novice Blue League Championship and Al Scullion's Chiefs won the Atom Blue League Championship. Blackburn was a double winner in the Mosquito house league with Ted Irving's Braves taking the Red Division trophy and Peter Rodgers' Hawks capturing the Blue Division trophy.

On playoff day, John Rose's Hawks captured the Pee Wee playoff cup. This game was televised in its entirety by Skyline Cablevision. Watch your T.V. listings.

The Annual General Meeting of the Gloucester Soccer Association will be held on November 18, 1980, at 7:30 P. M. at the Fire Hall, 1700 Blair Road, north side entrance.

Thanks, all, for a great season.

# WHY SHOULD I?

"I don't have the time."

"I don't have a ride."

"It's raining and I'll get wet."

"I don't know who's running."

Which one of the above will be your excuse for NOT VOTING? Do you pay taxes, and are you unhappy with the increase this year? Do you know WHY taxes have increased? If not ... why not? Did you know that 75% of the tax increase this year was for Education and enrollment is declining! As a responsible citizen, it is your DUTY TO VOTE. If you do not, you forfeit the right to complain about how YOUR money is being spent.

It is not sufficient to just walk into a voting booth, close your eyes and "pick one". With little effort on our part, we can vote informed. If voting for an incumbent, do you know how they stand on certain issues; how they voted on important issues effecting YOU; did they represent the community or did they ignore this and go their own way? How often did they come to the community with an issue and ask for YOUR OPINION or are you just hearing from them now when they want YOUR VOTE?

There ARE issues -- increasing taxes, Innes Road traffic jams; rezoning, busing; cross-walks; overcrowding in our schools and child safety on the roads, to name a few.

ATTEND THE ALL-CANDIDATES MEETING AT GLEN OGILVIE SCHOOL, OCTOBER 28 and voice your concerns.

"FIND THE TIME" ... "TAKE AN UMBRELLA" ... "WALK" ... "BECOME INFORMED" ...

BUT V O T E ON NOVEMBER 10.

## Humidity affects your home comfort

Insufficient humidity causes your home to be uncomfortable and can lead to higher fuel consumption. It brings about rapid evaporation - cools the skin and makes you feel cool at relatively normal temperatures.

Dry air can produce discomfort in throat and nose tissues - and add to the build-up of unpleasant static electricity. Too dry air can cause walls and furniture to crack - and make it difficult to cultivate house plants.

TEXACO

INC.

Now is the time  
to consider  
installing a  
power humidifier.

## IS YOUR CHIMNEY A SLEEPING FIRE BOMB?

Burning wood and solid fuels in a fireplace or furnace deposits creosote and soot in the flue which can explode into a roaring fire. In 1977, North Americans had 40,000 chimney fires. Chimneys should be cleaned yearly.

### PROTECT YOUR LOVED ONES - NOW

Expert cleaning guaranteed by costumed chimney sweeps using advanced technology. Smoke alarms installed.
