

TREAT ACCESSIBLY

TREAT ACCESSIBLY HALLOWEEN STREETS

This Halloween, let's make our street welcoming for every child.

Our street loves Halloween.
I saw this and nominated us.

But to be considered, you need to read this flyer and register your home using the link below.

Let's make **Blackburn Hamlet**
accessible this Halloween and show Canada
the true meaning of community.

A few homes. One simple change. Every child is included.

Step-free treats

Treat from your driveway, garage or lawn by sidewalk - no stairs.

Free lawn sign

Excite your street and community, you're accessible - pick one up or print your own.

Welcomes every child

Being outside, a clear path to you, and non-edible treat options does it all.

On Saturday, October 31, join us - move yourself and your treats out front to an accessible spot: a table at the end of your driveway, the garage, the lawn, or the bottom of the steps. That one change welcomes kids who are too often left at the curb.

Register your home online today in 30 seconds.

...and learn why a nation of homeowners are already in.
